Hello Parents,

In February the children will learn their addresses and phone numbers. We'll check with you first to make sure we have your current information and which phone number you would like your child to learn.

We will study our favorite prehistoric creatures – dinosaurs!

The children also look forward to learning about the importance of making healthy food vs. junk food choices!

We'll celebrate Valentine's Day as a class. Please see the attached sheet of classmates names for Valentine cards.

Picture Day is Thursday, February 1st / Remember to send in the order packets for picture day. The **order forms** sent home last week **must be returned** before your child's picture can be taken.

Lunch on Wednesday, February 14th / Our traditional "I Love You Lunch" is scheduled for Wednesday, February 14th at 11:30 in Fellowship Hall. The lunch is a special gift to you from your child so we ask that siblings stay at home, please. All the children are excited about sharing the lunch with their Mommy and Daddy! Look for a sign-up sheet to be posted soon.

No lunch needed on Friday, February 23rd / We will be making "Stone Soup." We'll read the book *Stone Soup* by Marcia Brown a few days before and each child will choose one ingredient to bring in to add to the yummy soup! We ask that you please send in the **ingredient by February 22nd**.

Supplies needed please / for our projects in February:

Rectangular empty tissue box due **February 2nd**.

Empty cereal box due **February 9th**.

Empty 2-liter clear plastic bottle due **anytime this month**.

Thanks! Mrs. G. and Mrs. Hague
