28 <b>Snack: Michael</b>	29	30	31			

January 2018

Dear Parents,

Welcome to the New Year! We hope that your children are well rested. We are so glad to have them back at school and look forward to getting them back to work!

This month we will learn about Inuits, Eskimos and polar bears. Brrr! We will also learn about "predicting" as our science word.

We will be collecting EMPTY rectangular tissue boxes throughout the month. Please bring one in at your convenience.

Please replace your child's change of clothes for this very cold season. When you bring in warmer clothes, we will return the ones you gave us at the beginning of the year. We want to make sure your child has something to put on in case of an accident. We take the children outside most days – weather permitting. Make sure your child is dressed for the cold weather – mittens and hats, please.

We are happy to welcome a new student to our class. His name is Fumitaka Tamaoki..

Dates ahead. Mark your calendars!

**Thursday, February 1<sup>st</sup> and Friday, February 2<sup>nd</sup>** are SCHOOL PICTURE DAYS.

We will let you know which day is our day as soon as we receive the schedule.

**Wednesday, February 14<sup>th</sup>** is our traditional "I LOVE YOU LUNCH" when the children share a special Valentine's Day lunch with their parents.

Our parent helpers for January are Junghee Han (Nathan's Mom) and Maureen Weaver (Chase's Mom).

Thank you.

Mrs. G and Mrs. Hague
