Dear Parent's,

The children enjoyed our Farm and Halloween unit. Hopefully all of the children know each farm animal and the sounds that they each make. Please continue to practice those at home along with colors. The children are really starting to grasp colors. We discuss them throughout the day.

Welcome to November! Throughout the month we will be making fun fall projects, continuing with colors and shapes and will be discussing Thanksgiving and everything that comes with it. We are excited to create a lot of turkeys and teepees!

Please send your child in everyday now with a winter jacket, hat and gloves. We will go outside unless temperatures are below freezing.

Thank you,
Ms. Janet and Ms. Carol
