Dear Parents,

The children are settling in quite nicely and already we are seeing friendships being formed. In the morning we are met with quite a few smiles, which is wonderful to see! We are working to establish a routine and that also seems to be coming along very well.

In October we will be learning about apples and the farm. We will be making apple crisp and ask that each child bring in 3 big cooking apples on Tuesday, October 10<sup>th</sup>. We will also be going to visit Homestead Farm on **Tuesday, October 17<sup>th</sup> to pick pumpkins.**

Our science word for this month is “collect.” We will be talking about collections we already have and also start a new collection.

Our Halloween program and parade are scheduled for **Tuesday, October 31<sup>st</sup> at 9:20.** We will parade in the back parking lot. Parents and family members are invited to come. We will have a short program in our classroom immediately following the parade. We will have a regular school day after the program.

The children should come to school with their costumes on but please send their regular clothes in their buckets as the children usually like to change afterward.

Our parent helper for October is Karen Genoble.

Thank you.
