September 2018

Welcome Parents!

We hope your summer was enjoyable and included great family fun! We are excited to welcome your children to school and enthusiastic about the 2018-19 school year.

During September we will focus on building the children's comfort level with our daily routine and set expectations for our classroom community – emphasizing kindness, curiosity, respect and responsibility.

Our first unit of study will be the Solar System. Children like learning about the magic of the planets, the stars, gravity and space exploration! We will be making spaceships out of boxes. Please send an **empty rectangular tissue box by Friday the 14th**.

We also simulate a Lunch-on-the-Moon with the children on **Friday, September 21st**. We ask that each family help with food and supplies. Lunch from home is not needed. A sign-up sheet will be posted at the classroom entrance on **Monday, the 17th**. Thank you for your help. Each child will need to **bring in a bed pillow to use as the “moon surface”** during the story time that day. It will be returned at the end of the day.

Science happens here! Mother Nature's milkweed garden on our playground has provided us with Monarch eggs! In our classroom the children will be able to watch eggs grow into caterpillars, the chrysalis and experience the “birth” of the butterflies – eventually releasing them to join other butterflies for the flight all the way to Mexico!

Mrs. G. and Mrs. Hague

Dates to Remember:

Fri. Sept 14th – empty rectangular tissue box due, please

Mon. Sept 17th – sign-up sheet for Lunch-on-the-Moon food and supplies posted in hallway

Fri. Sept 21st – Lunch-on-the-Moon day / bring bed pillow - will be returned same day
